## Welcome to Minnamurra

Welcome to Minnamurra's third annual bull sale. We are offering a great line-up of bulls from two new exciting sires to Australia – So Long George 6Z and Whiskey 4B. We're very pleased with their progeny to date and also the outstanding results we have been getting in our commercial F1 program. A pen of six of George's Angus cross steers won the carcass competition at the Royal Brisbane Show last August, out of a field of forty-eight pens, and we recently sent our first live shipment of thirty F1 George heifers to Vietnam. The maiden F1 heifers in this sale are by George, in calf to Stands Alone's son MPC Jaguar J156. Minnamurra will continue to promote the breed through carcass trials and by supplying good lines of first and second cross cattle to major feedlots. A summary of a typical kill is featured in the centrefold.

It was a great honour for our General Manager, Dennis Power, to be selected as a finalist in the Beef Farmer of the Year Award for 2018, in recognition of the work he has done in establishing the Minnamurra Stud and bringing the Speckle Park breed to the wider attention of the commercial cattle industry in Australia. With the exciting genetic sire lines that Minnamurra has sourced over the last twelve months, we are sure that we will be able to continue to fine tune our cattle to suit our climate and our commercial breeding requirements. We have every confidence that Speckle Park will become a major beef breed in Australian in the years to come.

We look forward to seeing you on sale day and wish you well with your purchases.

*JSF Redneck Whiskey 4B*

# SALE INFORMATION

## GETTING THERE

"Mount Mill" is situated 10km from Coolah, NSW. See page 31 for map & accomodation details. Sale starts at 1pm.

**PHONE BIDDING:** Contact Agents 24 hours prior to sale.

## SELLING SYSTEM AND BUYER'S REGISTRATION

All lots will be sold subject to the usual terms and conditions governing auction sales. Intending purchasers should obtain a Buyer's Number and registration slip available from the selling agents prior to the sale.

## THE MINNAMURRA GUARANTEE

Any Minnamurra Speckle Park bull that proves to be structurally unsound, infertile or incapable of service is guaranteed for up to 6 months from date of sale.

Under these circumstances Minnamurra will replace the bull with a satisfactory substitute if available or issue a refund equal to the purchase price, less the salvage value.

The guarantee covers the purchase value of the bull, without interest, cost and damages. The guarantee shall apply providing the bull's incapacity is not caused by injury or disease contracted since leaving the sale. A veterinary certificate must be supplied by the purchaser on request.

If any bull that is purchased does not possess a reasonable fertility, although not totally infertile, any dispute that may arise shall be settled by an arbitrator appointed by the auctioneers and must be lodged within 6 calendar months from date of sale.

We recommend that all purchasers discuss injury insurance of their bulls at the sale with Elders Ltd or their Agent. This guarantee is in addition to the normal terms and conditions governing auction sales.

## HEALTH TREATMENTS

All the sale bulls have been vaccinated for Vibriosis prior to sale. We recommend annual boosters are given to all bulls. All of our bulls receive 5 in 1 vaccinations at three-months of age, six weeks later and a booster as a yearling. They are drenched at weaning and periodically according to worm counts. Minnamurra has J Bas 7 Johnes status.

For bulls travelling to tick areas, Minnamurra will agist bulls for up to 2 weeks at the buyers risk until vaccinations can be arranged.

All Minnamurra bulls are examined by a veterinarian prior to sale day which includes palpation of the sexual anatomy and the circumference of the testicles. The jaw is checked for correct bite.

## FEED REGIME

The bulls were paddock reared and have been supplementary fed with pasture hay and pellets since January.

## SCAN DATA

All bulls were scanned on 3rd April 2018. Note that all the "L" and "M" bulls calved by "J" and "K" dams in the sale were all heifer calves.

## SEMEN RIGHTS

Minnamurra retains the semen rights for in herd use only in a number of bulls in this catalogue, as noted under the lot number. If the right to collect semen is excercised, Minnamurra will consult with the new owner of the bull to arrange a convenient time for collection, with the cost of collection being paid for by Minnamurra.

## FREIGHT

All bulls must be transported from Mount Mill by sundown Saturday. Formal possession, risk and expenses passes to the buyer at the fall of the hammer. Minnamurra can arrange transport through, and recommends, Dick Smith Transport.

Contact Steven Smith on 02 6882 2463 or mobile 0428 636 236.

### **PRE SALE INSPECTION**

Bulls will be yarded by 8.30 am on the morning of the sale. Inspections are welcome at other times by arrangement.

### **CATERING**

Morning tea and lunch will be provided at the sale.

### **NO VERBAL INSTRUCTIONS**

Please fill out the buyers instruction sheet available on sale day from the office.

### **AGENT'S REBATE**

A 2% rebate will be paid to all settling agents who accompany their clients on sale day or who introduce their clients in writing by fax or email at least 24 hours prior to the sale to Elders Tamworth [Contacts@elders.com.au](mailto:Contacts@elders.com.au)

### **GST**

Bulls will be sold GST exclusive i.e. If the bull is knocked down for \$5,000, you will be charged \$5,500.

### **SUPPLEMENTARY SHEET**

Updated weights, scans or any other new or relevant information will be available on sale day.

### **SALE DAY PHONES**

Telstra reception is poor at the sales arena. Optus mobiles can be provided to agents for the day by prior arrangement.

### **AUCTIONSPLUS**

The sale is interfaced with AuctionsPlus and will be conducted live on line in real time. For those not able to attend the sale, new users must register 24 hours prior to the sale in order to bid. Note that transport must be organised sale day.

# REFERENCE SIRES:

## Codiak So Long George 6Z

With great stretch and hindquarters, this son of Codiak Oscar is proving to be a great easy calving heifer bull, and has been used extensively in Minnamurra's commercial crossbreeding program with great success. His first drop of pure bred calves are featured in this sale and show amazing consistency across all the bulls and females.

**SIRE: COKIAK OSCAR 8S**

CODIAK MATEUSA 63M

NIGEL 111N

**DAM: A & W 7U**

TRIPLE A TIDY DOLL 7J

## JSF Redneck Whiskey 4B

Whiskey was sashed Junior Champion at Agribition in 2015, where we purchased a major share in him with Johner Stock Farm in Canada, and so far, we are delighted with his progeny. He is putting a beautiful head and shoulders on all his calves, while under the skin the marbling and eye muscle development is extraordinary, as evidenced in a recent kill we did of 140 of his steers (see page 16). This bull can only do great things for the breed.

## Minnamurra Jaguar J156

Jaguar is a very exciting young bull that has it all. He is so beautifully balanced that it is hard to find a fault in him. His structure, length, depth and muscle pattern make this 1250kg bull the complete package.

### Six Star Anchor E229

A son of John Wayne, Anchor has been a great bull for Minnamurra and we've been more than pleased with his progeny over the past few years. Brisbane Grand Champion in 2010, he is quite amazing for an eight-year-old bull, still very sound and moving like a cat. Anchor has been very fertile, always achieving a 90% pregnancy rate in our commercial herd and has definitely passed on his great attributes of quiet temperament, soundness, length and conformation into his calves.

### Six Star Royal Flesh Y101

His sons and daughters won 7 out of the 14 awards at Agribition last year, including Grand Champion Female. They exhibit extra growth compared to other sires, with high IMF and EMA scores, and his daughters have great udders and milk flow. His legs and feet are structurally perfect and has good testicular development. A leading sire in the Speckle Park breed.

## THE SPECKLE ADVANTAGE – A CASE STUDY

Minnamurra has achieved consistently good results with their cross-breeding program. A typical example is this data from a recent kill; a line of 148 Speckle/Angus steers sold to Mort & Co in October last year. They were out of our commercial EU Angus cows AI'd to JSF Redneck Whiskey 4B. We sold these steers early, at 13 months, due to the impending dry summer, and they went into Pinegrove feedlot at an average weight of 371kg, where they were fed for 180 days.

Their feedlot performance, *note HGP free*, was as follows:

Entry weight:	371 kg	Consumption (as fed):	12.89 kg/day
Exit weight:	637 kg	Consumption (dry matter %)	10.15 kg/day
Days on Feed:	180 days	Conversion (as fed)	8.75 : 1
Average Daily Gain:	1.47 kg/day	Conversion (DM%)	6.89 : 1

They were killed on 9th April 2018 at Oakey abattoirs with kill data as follows:

Number of Head	148	Average Fat Cover	13.7mm	Marbling Score 0	2%
Gross Kill Weight	51,419 kg	Fat Range 6-17mm	87%	Dark Cutters	Nil
Average Weight	347.4 kg	Fat Colour: 0	68%	Meat Colour: 2	50%
Weight Range 320 kg to 380 kg	81%	Fat Colour Range	0 to 1	Meat Colour Range	1C to 3
Average Dressing %	58%	Marbling Score 2+	70%	Health Status	100%
Graded MSA	100%	Marbling Score Range	0 to 5	Dentition: Milk teeth	99%

NB. Unfortunately, EMA measurements were not recorded, as these are not required for an EU kill.

The bodies, as hung in the works

*“What was impressive about these steers was their consistency, the size of their eye muscle and the marbling they achieved, in spite of being so young and with no HGP pellets implanted. I am very happy with this Speckle cross”*

**Berry Reynolds,  
Private Client Manager,  
Mort & Co Ltd**

A typical eye muscle from the kill

*"MPC have taken the challenge and entered all runs of stock into commercial feed lot and performance trials with continuous success. Having seen the random runs of stock entered off all MPC properties, I am genuinely very impressed at their continuous success. Often it has been the tail cattle sent for judging, as the lead is either too heavy or have long been sold."*

# F1 SPECKLE PARK x ANGUS HEIFERS

A great line of two-year-old PTIC maiden heifers out of some of Minnamurra's best Te Mania blood Angus commercial cows are offered for sale in pens of ten. Born in March/April 2016, these So Long George 6Z daughters are due to calve in Spring 2018 by Minnamurra Jaguar J156, son of Stands Alone 300X. All have been pelvic measured, drenched, Pestiguard, 7 in 1 and were the first 50 out the gate.
