Bred for Quality & Performance

40 Speckle Park Bulls

20 Speckle Park Heifers

50 Speckle Park x Angus Commercial Heifers

Friday 6th September, 2019 - 1pm

'Mount Mill', Coolah Creek Rd, Coolah NSW

Live on AuctionsPlus

www.minnamurra.com.au

Welcome to Minnamurra

Welcome to our first Spring Sale at Mount Mill, our fifth sale so far. We will be having two sales each year going forward, Autumn and Spring, to handle the number of bulls that we are now producing and to also cater for different joining times in the north and south of the country.

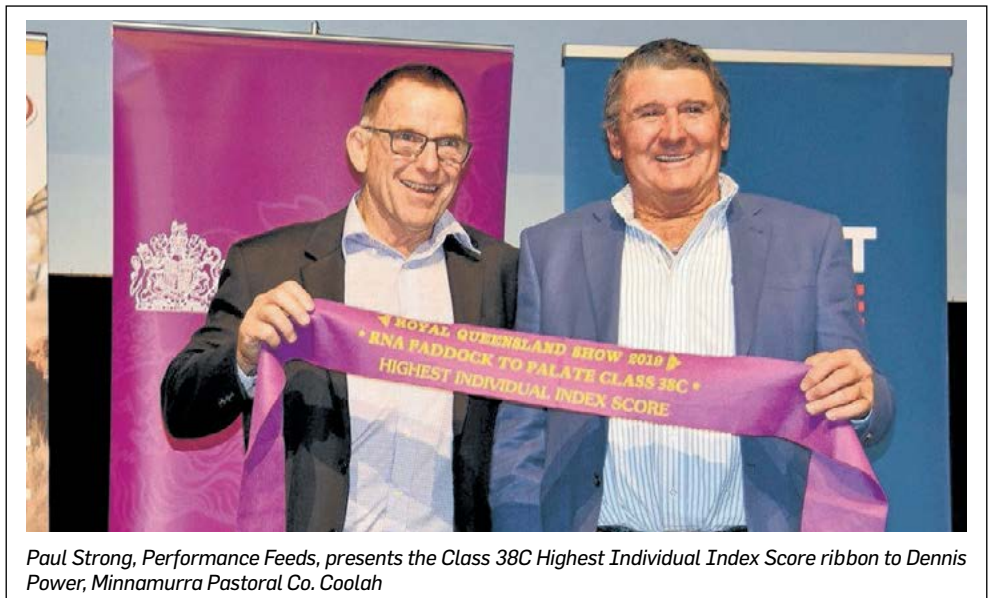

Unfortunately, much of the country is still in drought, and yet we continue to be impressed by the ability of Speckle cattle to forage and maintain weight in these tough conditions. Fortunately, prices for good commercial cattle are still holding up, and hopefully rain relief is just around the corner.

We feel that the line-up of bulls in this catalogue is excellent, in spite of the tough time they had have had since their birth. We are especially excited to be offering possible the last calves out of Codiak Unique 8R, who died last year. She was joined to JSF Whiskey 4B a few years ago, a sire that has since proved himself by producing outstanding bulls and females alike.

We believe that the quality of any herd is determined by the quality of it's females – females need high fertility and maternal traits to calve with ease and raise a live calf every year. If you have good females, then good males will follow. Up to now we have culled our surplus heifers, but now we feel that we have sufficient numbers of purebred surplus heifers of high enough standard to offer them to the public as breeders, all having been tested in calf to two of our good cover bulls. We also have a line of PTIC F1 heifers out of our quality commercial Angus cows.

Once again it was pleasing to see our breeding program vindicated in the RNA paddock to plate competition this year, where our steers won awards for their meat-eating qualities for the fourth year in a row. It's years like these that cattle need to be able to convert what little feed there is into meat, and hence dollars, and our Speckle Park cross steers have proven their ability. Sisters to this year's winning steers are available at the end of this catalogue.

We look forward to seeing you on sale day, or if you can't make it, log in to the sale on AuctionsPlus. Good luck with your purchases.

Dennis Power 0427 734 254 dennis@minnamurra.com.au

SALE INFORMATION

GETTING THERE

"Mount Mill" is situated 10km from Coolah, NSW. See page 32 for map & accomodation details. Sale starts at 1pm.

PHONE BIDDING: Contact Agents 24 hours prior to sale.

SELLING SYSTEM AND BUYER'S REGISTRATION

All lots will be sold subject to the usual terms and conditions governing auction sales. Intending purchasers should obtain a Buyer's Number and registration slip available from the selling agents prior to the sale.

THE MINNAMURRA GUARANTEE

Any Minnamurra Speckle Park bull that proves to be structurally unsound, infertile or incapable of service is guaranteed for up to 6 months from date of sale.

Under these circumstances Minnamurra will replace the bull with a satisfactory substitute if available or issue a refund equal to the purchase price, less the salvage value.

The guarantee covers the purchase value of the bull, without interest, cost and damages. The guarantee shall apply providing the bull's incapacity is not caused by injury or disease contracted since leaving the sale. A veterinary certificate must be supplied by the purchaser on request.

If any bull that is purchased does not possess a reasonable fertility, although not totally infertile, any dispute that may arise shall be settled by an arbitrator appointed by the auctioneers and must be lodged within 6 calendar months from date of sale.

We recommend that all purchasers discuss injury insurance of their bulls at the sale with Elders Ltd or their Agent. This guarantee is in addition to the normal terms and conditions governing auction sales.

HEALTH TREATMENTS

All the sale bulls have been tested negative to Pestivirus and have been vaccinated for ticks and Vibriosis prior to sale. We recommend annual boosters are given to all bulls. All of our bulls receive 5-in-1 vaccinations at three-

months of age, six weeks later and a booster as a yearling. Heifers have been vaccinated with 7-in-1. All animals are drenched at weaning and periodically according to worm counts. Minnamurra has J Bas 7 Johnes status.

VET CHECK

All Minnamurra bulls were examined by Dr Chris Hallet prior to sale day which included palpation of the sexual anatomy, semen testing, sperm morphology and pestivirus DNA testing, as well as physical examination of their structure and feet. Stress, transport and nutritional changes can affect a bulls semen cycle for up to 70 days. If you move your bull to a completely different environment, we strongly recommend you do your own fertility examination prior to use.

All purebred heifers have had their reproductive tract checked by Dr Chris Hallet. They have been running with their nominated bull (one to 30 females) for two cycles and will be preg tested prior to the sale.

FEED REGIME

The bulls were paddock reared, spent 70 days in a feedlot, returning on 19/7/19, and have been fed pellets and hay since then. The heifers have been on a failed oats crop, supplemented with hay.

SCAN DATA

All bulls were scanned 22nd July 2019 and the data submitted to Breedplan for EBVs. They will be scanned again two weeks prior to the sale and the raw data will be available on the supplementary sheet on sale day, including scan data for the unregistered bulls.

NB: EBVs in the top 10% of the Speckle breed are highlighted with shading.

GENETIC TESTING

All purebred bulls & heifers in this catalogue have been DNA verified for parentage except for the 3 red coated bulls that are excluded from registration. All three bulls are marked in the catalogue as unregistered and are being sold as commercial bulls only. All purebred animals have been tested for poll, coat and myostatin. Bulls have also been tested for Leptin (tenderness). Results are recorded against each animal as follows:

DNA Test Keys:

P:C	Carries one horn gene
P:F	Free of the horn gene
P:-	Not tested
R:C	Carries one red gene
R:F	Free of the red gene
R:N	No result returned
M:C	Carries one myostatin gene
M:F	Free of the myostatin gene
L: C/C	Unmutated leptin genes
L: C/T	One mutated leptin gene
L: T/T	Two mutated leptin genes

SEMEN RIGHTS

Minnamurra retains the semen rights for in-herd use only in a number of bulls in this catalogue, as noted under the lot number. If the right to collect semen is exercised, Minnamurra will consult with the new owner of the bull to arrange a convenient time for collection, with the cost of collection being paid for by Minnamurra.

FREIGHT

All bulls must be transported from Mount Mill by sundown Sunday. Formal possession, risk and expenses passes to the buyer at the fall of the hammer. Minnamurra can arrange transport through, and recommends, Dick Smith Transport.

Contact Steven Smith on 02 6882 2463 or mobile 0428 636 236.

PRE SALE INSPECTION

Bulls will be yarded by 8.30 am on the morning of the sale. Inspections are welcome at other times by arrangement.

SUPPLEMENTARY SHEET

Updated weights, scans or any other new or relevant information will be available on sale day.

CATERING

Morning tea and lunch will be provided at the sale.

MOBILE RECEPTION

Optus service is good, but Telstra service is patchy. Wi-Fi will be available in the sales arena, so Telstra phones can be used if Wi-Fi calling is activated.

SALE DAY PHONES

To contact Elders agents from 11am to 3pm on sale day, please use the following Optus mobile numbers:

Jon Goudge.....	0412 344483
Nathan McConnell.....	0481 851161
Brian Kennedy.....	0478 881919
Paul Jameson.....	0422 234536

NO VERBAL INSTRUCTIONS

Please fill out the buyers instruction sheet available on sale day from the office.

AGENT'S REBATE

A 2% rebate will be paid to all settling agents who accompany their clients on sale day or who introduce their clients in writing by fax or email at least 24 hours prior to the sale to Elders Tamworth Contacts@elders.com.au

GST

Bulls will be sold GST exclusive i.e. If the bull is knocked down for \$5,000, you will be charged \$5,500.

AUCTIONSPLUS

The sale is interfaced with AuctionsPlus and will be conducted live on line in real time. For those not able to attend the sale, new users must register 24 hours prior to the sale in order to bid. Note that transport must be organised sale day.

SIX STAR ROYAL FLESH Y101

His sons and daughters won 7 out of the 14 awards at Agribition in 2017, including Grand Champion Female. They exhibit extra growth compared to other sires, with high IMF and EMA scores, and his daughters have great udders and milk flow. His legs and feet are structurally perfect and has good testicular development. A leading sire in the Speckle Park breed.

LOT 9 MINNAMURRA PIEMAN P14 (ET)

Pieman P14 is one of the best weight-for-age bulls in the catalogue. A good framed, long bodied bull with excellent constitution who scanned at the top of the group for IMF. Because of his red coat, he cannot be registered, nor EBVs obtained, but will make an excellent addition to any commercial herd.

"MPC have taken the challenge and entered all runs of stock into commercial feed lot and performance trials with continuous success. Having seen the random runs of stock entered off all MPC properties, I am genuinely very impressed at their continuous success. Often it has been the tail cattle sent for judging, as the lead is either too heavy or have long been sold."

Andrew Hosken
Industry Livestock Specialist

F1 SPECKLE PARK x ANGUS HEIFERS

A great line of two-year-old PTIC maiden heifers out of some of Minnamurra's best Te Mania blood Angus commercial cows are offered for sale in various pen sizes. Born in March/April 2017, many of these heifers are sisters to the winning steers in the RNA carcass competition in 2019. They are due to calve in Autumn 2020 by either Wattle Grove Project A L264 or Waratah Loco L42. All have been drenched and 7-in-1 vaccinated and were the first 50 out the gate.

\$ _____

We have recently processed both bulls and cows from Minnamurra Pastoral Company. Their cattle do kill out extremely well in both yield and carcass quality Their younger cattle also perform extremely well in both growth rates and boning room yield, etc. After buying, fattening and processing them over the past couple of years I have no hesitation in recommending their cattle for crossing with other cattle to improve production and profitability for all concerned".

61 Binnia St, Coolah

Single, twin and family rooms, meals. Shared shower facilities

Ph: 6377 1231

Black Stump Motel

10 Campbell St, Coolah

Rated 3 stars, clean and comfy rooms

Ph: 6377 1208

Motels also available in Mudgee, Gulgong and Dunedoo.

A CROSS MADE IN HEAVEN

Here's your last chance to buy some truly outstanding genetics. There are five bulls in this catalogue out of Codiak Unique 8R, Canada's top cow, as proven by her line of outstanding calves over the past 10 years, but unfortunately now deceased, and all sired by the champion bull, JSF Whiskey 4B, Agribition Junior Champion in 2015 and sire of Minnamurra's winning steers in the RNA carcass competition for the last two years running.
